Date of birth:	18 December 1989
Marital status:	Married
Email:	pansjnr@gmail.com
Phone:	+971 58 899 4236

PROFESSIONAL SUMMARY

I am a professional Architect and have been practicing for 10+ years. I have also performed as an external examiner for the Design Studio of 3rd-year Architecture students at the University of Pretoria and an external examiner for Histories and Theories of Architecture for 2nd-year students at the University of Witwatersrand. I completed my Master of Architecture (Professional) degree with a distinction in technical resolution and my dissertation publication. I am proficient in two languages, Afrikaans and English.

Over the years, I have developed my skills and excelled at design and technical resolution on various scales within the architectural profession. I am skilled within a broad architectural spectrum and always keen to learn more. I have a passion for heritage architecture, urban regeneration and development as well as bespoke residential design. As a motivated and goal-oriented professional with great time-management skills, I have also demonstrated my ability to lead, particularly in large-scale developments with diverse team members and consultants. My leadership skills have been instrumental in the successful completion of these projects.
